Content

for the Web

Header: Your blog's header is found at the top of your blog and is usually the first impression visitors to your blog get.

Posts: Blog posts are the most important part of your blog, because if your content isn't interesting, no one will read your blog.

Comments Blog comments are what make your blog interactive and build a community around your blog. Without comments, you're simply talking to yourself.

Sidebar: Your blog's sidebar is the perfect place to display important information, ads, links, and so on that you want visitors to see.

Categories: Define the blog "story". Help to make your old blog posts easier to find by topic.

Archives: Blog archives are where all of your old blog posts are saved for future viewing. Visitors to your blog can browse through your blog archives by date.

Footer: It can include links, ads, and more. Use it to include helpful information that's not critical to the user experience.
