Content and Layout ideas

include: Website purpose statement

include: Course Identity: MCC logo, MACA2880

include: Your Identity: Your name, identity item

include: Statement: Your point of view as a web designer.

What interests you. What are your strengths. What you think it means to be a web designer.

must be: responsive

quality: professional level content, design, and build.

- What elements will be included?

Photographs, MCC logo, my logo, my illustration/ quote/ timeline/

- What will be the dominant element(s)?

My Illustration and My Logo

Is there a template or layout that you are interested in using?

- what do you like about the template?

The vertical gallery and the clean layout

- what do you want to change about the structure / layout of the template?

Remove the text underneath each box.

- what is included with the template?

Gallery section and is Responsive

Host Discovery

What is the structure of the Navigation?

- How will I make the navigation interesting?

The text box tiles will be mauve and have a fun hover

- How will I indicate which item is selected?

The box will turn white, image zooms in, and the vertical text will scroll down from top right corner

Which CSS animations am I interested in using?

- Are there CSS animations already in the template I chose?

Yes, the CSS animations were included in the template

Style

- Do I have a color / texture theme in mind?

I would like to use muted tones such as different shades of grey, and accent color will be mauve.

Add two items of your own to discuss with yourself here.

- **Add a section for my final projects from Design for the Web 1, 2, and 3**
- **Responsive video of one of my class projects**
